Operation Method:

Siphon

Removability Feature:

Not included

Spray Type:

Fog

Err Default:

Err default

Power Source:

Gasoline engine

Capacity:

4.0 pints

Pump Type:

Rotary

Discharge Nozzle Quantity:

1

Spray Adjustability:

Nonadjustable

Spray Characteristic:

Continuous

Liquid Container:

Not included

Err Default:

Err default

Discharge Hose:

Not included

Special Features:

Small, portable, hand held, gasoline engine driven, ulv; measures 25 in. Long x 20 1/2 in. High x 10 1/2 in. Wide; lightweight; normal dry fog rate is 5-6 gph; container is epoxy coated formulation, nylon web shoulder strap; comes with one set of spare parts which consist of 1 orifice cap p/n 0-291.1a, 1 screen p/n 0-141.1, 2 o-rings p/n 0-141.2, 2 gaskets p/n 0-261, 2 exhaust gaskets p/n 0-263, 1 o-ring p/n 0-208.1

Material:

Any acceptable

Quantity:

1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T333-c
