Effective Length:

107.000 inches

Core Construction:

Wire rope

Flexible Conduit Material:

Steel

Core Diameter:

0.250 inches

Core Processed End Connection Type:

Adjustable threaded adapter

Flexible Conduit Outside Diameter:

0.625 inches

Travel Distance:

2.000 inches

Core Material:

Steel

Special Features:

Two lubrication fittings located approx 6.500 in. From one end, and 8.500in. From other end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
