**Body Material:**

Steel

**Mounting Provision:**

Pin

**Bore Diameter:**

5.000 inches

**End Application:**

38055422996

**Compressed Length:**

21.312 inches

**Extended Length:**

59.687 inches

**Design Characteristics:**

Double acting single cylinder

**Mounting Type And Location:**

Trunnion center section

**Port Location And Quantity:**

1 piston rod end

**Fsc Application Data:**

Grader, road, motorized

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A34200
