Body Material:

Steel

Tempurature Rating:

Not rated

Overall Diameter:

2.750 inches

End Application:

3810-01-145-8288

Compressed Length:

4.500 inches

Extended Length:

5.500 inches

Pressure Rating:

Not rated

Design Characteristics:

Single acting single cylinder

First Piston Rod End Style:

Err-070

Piston Rod End Similarity:

Not identical

Second Piston Rod End Style:

Internal threaded

Second Piston Rod End Thread Series Designator:

Unc

Second Piston Rod End Thread Diameter:

0.750 inches

Second Piston Rod End Thready Qty Per Inch (tpi):

10

Second Piston Rod End Thread Class:

2b

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
