General Description:

Drilling capaci type 6.000 in. Diameter hole at 1000.0 ft depth 8.000 in. Diameter hole at 500.0 ft depth, gasoline engine powered white engines inc hercules engine div model no. Qxld-5er, telescopic type mast power raised 40.0 ft maximum height, 3 hoist drums, 2 catheads, skid mtd

Specification Or Standard:

I type

Reference Number Differentiating Characteristics:

As differentiated by power source, engine manufacturers name, engine model number, mast type, mounting type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
