Attachment Method:

Threaded bottom drive

Manufacturer Thread Design Designation:

Timken roller bearing co series h

Drilled Hole Diameter:

1.750 inches

End Application:

3820-01-326-7997

Cutting End Type:

Cross

Cleaning Hole Location And Quantity:

5 side

Special Features:

Detachable; no carbide insert

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06000
