**Attachment Method:**

Threaded bottom drive

**Manufacturer Thread Design Designation:**

Timken roller bearing co series h

**Drilled Hole Diameter:**

1.750 inches

**End Application:**

3820-01-326-7997

**Cutting End Type:**

Cross

**Cleaning Hole Location And Quantity:**

5 side

**Special Features:**

Detachable; no carbide insert

**Material:**

Steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A06000
