Mounting Type:

Truck

Wheel Quantity:

6

Tire Type:

Pneumatic

Manufacturer Name:

Cummins

Manufacturer Identifying Number:

Model no. Ktta19-c

Engine Model Number:

2525

Drill Capacity Hole Diameter:

22.000 inches

Drill Power Source:

Diesel engine

Mast Construction:

Telescopic

Power Raised Mast Feature:

Included

Mast Maximum Height:

38.000 feet

Hoist Drum Quantity:

1

Rotary Type:

Drivehead

Liquid Circulating Pump Type:

Rotary

Pump Capacity:

25.9 gpm at 700 psi

Power Source:

Diesel engine

Engine Manufacturer Name:

Cat

Airborne Transport Feature:

Not included

Special Features:

Well system consist of drill rigg, tender truck trailer and accessories

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T203-c
