Overall Length:

61.500 inches

Overall Height:

45.000 inches

Overall Width:

30.500 inches

Voltage In Volts And Current Type:

120.0 dc

Product Name:

Snow blower 11.5 hp

Special Features:

Engine: 11.5 hp briggs and stratton; auger type: steel serrated; auger diameter: 16 inches; impeller profile: steel 3 blade; impeller diameter: 14 inches; gear case: cast iron; drive type: disc-o-matic; fuel tank capacity: 4 qt; axle system: automatic traction control; model number: 928016; weight: 293 lbs; engine displacement: 318 cc; speed: 6 forward, 2 reverse; snow clearing width: 28 inches; throwing distance: 3-50 ft depending on snow conditions; quick-turn chute rotation: 200 degree

Material:

Steel and iron

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
