Overall Length:

107.500 inches

Overall Height:

24.000 inches

Overall Width:

93.750 inches

Design Type:

Truck mounting

Power Source:

Gasoline engine

Spreading Type:

Forced

Spreading Method:

Forced air

Spread Path Maximum Width:

13.600 feet

Adjustable Spread Path Feature:

Included

Hopper Gate Operation Type:

Control knob

Hopper Gate Cab Control Type:

Hydraulic

Hopper Material Agitator:

Not included

Hopper Struck Capacity:

108.1 cubic feet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T209-p
