Overall Height:

6.500 inches

Overall Width:

6.374 inches

End Application:

TRUC-K,-VEH-ICLE

Product Name:

Motor end drum support

Special Features:

1.125 inch thick; roughly wheel-shaped with od of 6.374 & id of 2.600 inches and 2 feet at bottom corners and 2 ears at top corners; each ear has 0.350-0.358 in. Hole drilled thru; each foot has 2 holes 3/8-16, one on side edge, 1.055 in. From bottom edge; the other on bottom edge, 0.927 in. From outer edge; wheel part has 4 holes, 1/2-13, unc-2b, drilled and tapped thru, equally spaced on circular line 2.050 from center of wheel

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
