Overall Length:

3.0 feet

Stem Action:

Rising

Valve Type:

Gate

Valve Quantity:

1

Valve Gate Type:

Double disk

Valve Body Material:

Iron, cast

Maximum Wog Working Pressure Rating:

500.0 pounds per square inch

Valve Pipe Size:

6.000 inches

Valve Seat Ring Renewability:

Renewable

Valve Disk Seat Renewability:

Not renewable

Pipe End Connection Style:

Unthreaded external

Pipe Material:

Steel

Pipe Size:

6.000 inches

Safety Relief Valve:

Not included

Specification Or Standard:

1 type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T203-m
