General Description:

Tamping compaction, 0.313 in. Wide tamper, positive eccentric drive, gasoline engine powered, waukesha motor co model no. 190glcu, crawler mtd, 9.00 ft per minute forward operating speed, 104.00 ft per minute forward operating speed, adjustable screed, 24 in. Wide, hydraulically operated lift, 8 to 12 ft width range of finish

Specification Or Standard:

I type

Reference Number Differentiating Characteristics:

As differentiated by type of engine, engine mfr name and model no.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
