Overall Length:

75.000 inches

Overall Height:

72.000 inches

Overall Width:

52.000 inches

End Application:

Crushing equipment

Design Type:

Towed

Power Source:

Traction

Spreading Type:

Forced

Spreading Method:

Rotating auger

Err Default:

Err default

Adjustable Spread Path Feature:

Included

Hopper Gate Operation Type:

Lever

Hopper Material Agitator:

Included

Err Default:

Err default

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T209-p
