Tread Pattern:

Smooth tread

Steering Type:

Hydraulic

Engine Model Number:

F4I912

Power Source:

Diesel engine

Engine Manufacturer Name:

Deutz

Tire Quantity:

9

Transmission Type:

Conventional

Minimum Weight:

9480.0 pounds

Maximum Working Weight:

27560.0 pounds

Rolling Width:

67.700 inches

Err Default:

Err default

Special Features:

Optional equip. Rollover protection (rops), second operator position and lights, 12 ply tires, sprinkler system w/ cocco mats; O/a length 158.6 in., o/a height w/rops 124.8 in.; turning radius, inner/outer 159.4 in./271.6 in.; working width 68.0 in.; working speed 0 - 6.2 mph.; travel speed 0 - 12.4 mph.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T209-b
