Overall Length:

7.500 inches

Overall Height:

4.210 inches

Overall Width:

2.810 inches

End Application:

Anchor, fwd as

Accessory Components And Quantity:

Plate, side 2; plate, top 1

Product Name:

Guide, rope

Special Features:

Made from inconel 625, astm b443

Material:

Nickel alloy

General Description:

Prime with green epoxy polyamide per mil-dtl-2441/29, formula 150, type iv; paint with white epoxy polyamide per mil-dtl-2441/31, formula 152, type iv

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
