Body Material:

Steel

Tempurature Rating:

Not rated

Body Outside Diameter:

2.500 inches

Extended Length:

135.125 inches

Pressure Rating:

Not rated

Design Characteristics:

Single acting triple cylinder

First Piston Rod End Style:

External threaded

Mounting Type And Location:

Flange piston rod end

Port Location And Quantity:

1 cylinder head end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
