End Application:

Forklift

Fork/platform Maximum Free Lift Height:

130.000 inches

Lift Mechanism Type:

Hydraulic

Lift Actuation Method:

Powered

Prime Mover Type:

Electric motor

Maximum Load Rating:

2000.000 pounds

Fork Spread Distance:

30.000 inches

Product Name:

Powered telescoping fork stacker

Style Designator:

Stacker w/straddle outriggers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A085a0
