Attachment Method:

Clamp and cradle

Special Features:

Used on drag strut of main landing gear

Material:

Aluminum alloy, qq-a-250/5, alloy alclad 2024, 0 and rubber and steel, corrosion resisting

Material:

Aluminum alloy 2024 and aluminum alloy 1230 and rubber and stainless steel

Material Specification:

Qq-a-250/5, alloy alclad 2024, 0 federal specification 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30600
