Overall Length:

5.000 inches

Overall Height:

4.000 inches

Overall Width:

5.000 inches

Attachment Method:

Threaded

Usage Design:

Aircraft hoisting

Functional Description:

Used as lifting eye adapter to handle low pressure turbine shaft or lpt major module

Supplementary Features:

C/o threaded ring provided with shackle

Fsc Application Data:

Dc-135r aircraft age.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A30600
