Design Type:

Multiple leg

Leg Length And Quantity:

2 top legs 2 feet; 2 bottom legs 9.000 in.

Lifting Capacity:

4800.00 pounds

Beamlength:

43.000 inches

Sling Material Type:

Nylon strap

Special Features:

For lifting batteries of different lengths, battery length cannot differ more than 4.000 in. From length of beam spread; fiberglass beam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T215-g
