**Width:**

4.000 inches

**Overall Length:**

Between 17.000 inches and 36.000 inches

**Adjustability:**

Adjustable

**Design Type:**

Pipe

**Slotted End:**

Not included

**Drilled End:**

Not included

**Functional Description:**

Used with wire rope hoist (serd 110122)

**Material:**

Steel, corrosion resisting

**Material:**

Stainless steel

**Reference Data And Literature:**

Serd110124

**Fsc Application Data:**

Used to maintain a fixed distance between wire rope assembly's to provide a vertical pull-off; c-17a aircraft age.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T215-m
