**Overall Length:**

100.000 inches

**Overall Height:**

14.000 inches

**Overall Width:**

50.000 inches

**Attachment Method:**

Hook

**Usage Design:**

Aircraft engine accessory

**Functional Description:**

Used to raise/lower/prevent shifting of fan duct assembly to and from actf

**Material:**

Steel

**Material:**

Steel

**Supplementary Features:**

Should not be used in winds greater than 10 mph

**Fsc Application Data:**

C-17 aircraft age.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A30600
