Overall Length:

100.000 inches

Overall Height:

14.000 inches

Overall Width:

50.000 inches

Attachment Method:

Hook

Usage Design:

Aircraft engine accessory

Functional Description:

Used to raise/lower/prevent shifting of fan duct assembly to and from actf

Material:

Steel

Material:

Steel

Supplementary Features:

Should not be used in winds greater than 10 mph

Fsc Application Data:

C-17 aircraft age.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30600
