**Overall Diameter:**

10.000 inches

**End Application:**

F117-pwa-100 eng

**Functional Classification:**

Hh-1.1

**Special Features:**

6.000 in. H, 16.0 pounds weight

**Functional Description:**

Used to atch to hoist to front oflow pressure compressor drive shaft dulift operations

**Fsc Application Data:**

Eye, lifting

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T215-q
