Overall Diameter:

10.000 inches

End Application:

F117-pwa-100 eng

Functional Classification:

Hh-1.1

Special Features:

6.000 in. H, 16.0 pounds weight

Functional Description:

Used to atch to hoist to front oflow pressure compressor drive shaft dulift operations

Fsc Application Data:

Eye, lifting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T215-q
