**Width:**

12.000 inches

**Overall Length:**

62.000 inches

**Adjustability:**

Adjustable

**Design Type:**

Bar

**Slotted End:**

Not included

**Drilled End:**

Not included

**Functional Classification:**

Hh-1.1

**Functional Description:**

Used to hold core reverser sleeveassy during removal/installation

**Material:**

Steel

**Material:**

Steel

**Entry Date:**

93-10-15

**Fsc Application Data:**

C-17 aircraft age.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T215-m
