Width:

12.000 inches

Overall Length:

62.000 inches

Adjustability:

Adjustable

Design Type:

Bar

Slotted End:

Not included

Drilled End:

Not included

Functional Classification:

Hh-1.1

Functional Description:

Used to hold core reverser sleeveassy during removal/installation

Material:

Steel

Material:

Steel

Entry Date:

93-10-15

Fsc Application Data:

C-17 aircraft age.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T215-m
