Design Type:

Multiple leg

Leg Length And Quantity:

4leg/3 feet

Sling Material Type:

Multiple wire rope braided

Special Features:

Top 1 oblong master link, stl, dia0.625, inside w 3.00 in., inside lg 6.00 in; end 4 hoist rings, stl, range of movement 360 degrees swivel, 180 degrees pivotload limit 1600 lbs/dir of pull 60 degsling 45.00 in. Lg, 3.5 in. W, 1.0 in. H

Functional Description:

Used to lift pointing mirror assemblyoff optical barrel assembly while installed in sensor test stand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T215-g
