Attachment Method:

Bolted

End Application:

An/aaq-28 litening targeting pod; f-16c/d usafr aircraft

Usage Design:

Weapons system component

Special Features:

Mounted to forward section by securing 4 integral bolts to forward sections 4 threaded mounting bolt holes; 10.3 in. Ht by 14.5 in. Wd by 14.5 in. Dp; wt 13.6 lbs; used as an adapter for lifting forward section of litening ii pod w/hoisting device

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30600
