Overall Length:

7.000 inches

Overall Height:

1.300 inches

Overall Width:

4.000 inches

End Application:

Valves

Special Features:

Kpaint and primer with 1 coat of tt-0-645 followed by 2 coats of mil-e-24635, class 2, color 26307; center hole 2.750 inches diameter with 4 mounting holes .201 inches diameter; nha nuclear reactor boundary area

Material:

Steel

Material:

Steel

Surface Treatment:

Paint

Surface Treatment:

Painted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30600
