**Design Type:**

Multiple leg

**Attachment Type/location And Quantity:**

4 regular hoist hook, style 63 intermediate attachment

**Leg Length And Quantity:**

2 short legs with bottom plate/spacer at each end of top beam

**Sling Spreader:**

Included

**Common Attachment Guide Rope:**

Not included

**Item For Which Bottom Terminal Is Designed:**

Etf40b gas turbine engine

**Product Name:**

Sling, deswirl, stack

**Special Features:**

Top attachment is lok-a-loy link (4); sling is used for maintenance of landing craft engine

**Material:**

Aluminum alloy, 6061, t6

**Material:**

Aluminum alloy 6061

**Quantity:**

2

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T215-g
