Chain Type:

Proof coil or roller link

Operation Method:

Hand

Mechanical Advantage Method:

Lever

Braking Method:

Electric

Hook Quantity:

1

Load Element Quantity Per Hook:

1

Suspension Mounting Method:

Hook

Raised Position Distance Between Suspension Hook And Load Hook Bearing Surface:

12.000 inches

Maximum Load Rating:

1500.0 pounds

Mounting Position:

Any acceptable

Special Features:

4.58 ft. Lift height

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02800
