**Chain Type:**

Proof coil or roller link

**Operation Method:**

Hand

**Mechanical Advantage Method:**

Lever

**Braking Method:**

Electric

**Hook Quantity:**

1

**Load Element Quantity Per Hook:**

1

**Suspension Mounting Method:**

Hook

**Raised Position Distance Between Suspension Hook And Load Hook Bearing Surface:**

12.000 inches

**Maximum Load Rating:**

1500.0 pounds

**Mounting Position:**

Any acceptable

**Special Features:**

4.58 ft. Lift height

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A02800
