**Operation Method:**

Hand

**Mechanical Advantage Method:**

Lever

**Hook Quantity:**

2

**Load Element Quantity Per Hook:**

2

**Suspension Mounting Method:**

Hook

**Raised Position Distance Between Suspension Hook And Load Hook Bearing Surface:**

15.000 inches

**Maximum Load Rating:**

3000.0 pounds

**Mounting Position:**

Right angle

**Special Features:**

Convertible tone load chain w/load capacity of 1500 lb

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A02800
