Operation Method:

Hand

Braking Method:

Manual

Hook Quantity:

1

Suspension Mounting Method:

Hook

Raised Position Distance Between Suspension Hook And Load Hook Bearing Surface:

120.000 inches

Maximum Load Rating:

6000.0 pounds

Criticality Code Justification:

Zzzy

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A02800
