**Operation Method:**

Hand

**Braking Method:**

Manual

**Hook Quantity:**

1

**Suspension Mounting Method:**

Hook

**Raised Position Distance Between Suspension Hook And Load Hook Bearing Surface:**

120.000 inches

**Maximum Load Rating:**

6000.0 pounds

**Criticality Code Justification:**

Zzzy

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A02800
