## **General Description:**

No

Velocity limiting 28.0 millimeters per second; frequency range	3 - 33 hz;	drag load 2 percent rated load;	operating temperature	150 degrees
c; Ig. 647 millimeters; rear end connector w/circular flange dia	. 178.0 m	illimeters		

Velocity limiting 28.0 millimeters per second; frequency range 3 - 33 hz; drag load 2 percent rated load; operating temperature 150 degree
c; lg. 647 millimeters; rear end connector w/circular flange dia. 178.0 millimeters
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
