Overall Length:

48.000 inches

Overall Height:

Between 12.000 inches and 24.000 inches

Overall Width:

Between 48.000 inches and 60.000 inches

End Application:

Rescue retrieval safety system

Accessory Components And Quantity:

Boom 1; base 1; quick-connect brackets 2; integrated anchor ring 1; hand crank 1; trailer hitch capable 1

Features Provided:

Framed

Product Name:

Modular davit arm and portable base system

Special Features:

Modular davit arm and portable base syste; multiple winches and/or lifelines systems may be mounted as required; tool-less design; portable; designed for extreme use, anodized aluminum, stainless and zinc coated steel part

Color:

Blue and gray

Material:

Aluminum and stainless steel

Surface Treatment:

Anodize and zinc

Special Test Features:

Meets all osha requirements-pulley load rating 36000 lbs and anchor ring loading is 5000 lbs

Supplementary Features:

Will accommodate personnel winch, materials hoist, 3 in 1 srl and/or guided type fall arrester; base adjusts in widths of 48inch to 60inch and has 9 inches of leveler adjustments

General Description:

Ideal for use where a tripod is not feasible or on uneven terrain; designed for manhole and confined space entry/retrieval operations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
