Prime Mover Quantity:

1

Current Type:

Ac

Environmental Protection:

Any acceptable

End Application:

Anchor windlass (stbd) onboard 210 ft wmec coast guard vessels

Prime Mover Type:

Electric motor

Inclosure Type:

Any acceptable

Duty Cycle:

Continuous

Operation Method:

Powered

Capstan Spool Mounting Position:

Vertical

Capstan Spool Quantity:

1

Braking Method:

Electric

Power Requirement Rating:

15.00 horsepower

Cooling Method:

Air to air cooled

Product Name:

Anchor windlass stbd

Voltage In Volts:

440.0

Phase:

Three

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A02800
