End Application:

Lcs ordance crane

Chain Type:

Roller link

Operation Method:

Hand

Braking Method:

Manual

Hook Quantity:

1

Load Element Quantity Per Hook:

1

Suspension Mounting Method:

Hook

Raised Position Distance Between Suspension Hook And Load Hook Bearing Surface:

12.812 inches

Maximum Load Rating:

1500.0 pounds

Mounting Position:

Parallel

Product Name:

Lever chain hoist, economy steel w/overload protection

Special Features:

Lever effort at capacity is 31 lbs; lever length is 11.0 inch; hook opening is 1-3/16 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02800
