Boom Design:

Nontelescoping

Extended Length:

1.88 meters

Retracted Length:

0.74 meters

Maximum Load Rating:

800.0 pounds

Boom Type:

Nonrevolving

Boom Capacity At Specificationified Radius:

363 kilograms

Product Name:

Material lift

Special Features:

Average cranks; standard winch: 8.5 cranks/ft; standard wheels: 4 inch non-marking swivel front casters and 5 inch non-marking swivel rear casters with side brakes and rotational locks

Unpackaged Unit Weight:

333.0 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T340-d
