Furnished Hardware:

Item furnished with u-hook at one end, and unfurnished at other end

Material Bursting Strength:

10000.000 pounds

End Application:

3895-01-577-2425 paving machine bituminous material

Material And Location:

Plastic webbing

Component Length:

27.0 feet webbing

Component Width:

2.000 inches webbing

Product Name:

Cargo control ratchet assembly

Special Features:

Webbing material: polyester

Supplementary Features:

Workload limit: 3300.000 pounds, item gross weight: 5.8 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T101-I
