End Application:

2350-01-368-9500

Component Length:

10.926 feet strap and 11.250 feet strap

Component Width:

1.000 inches strap

Tightening Device:

Ratchet buckle assembly

Product Name:

Strap, ratchet

Special Features:

Material; webbing , nylon, type xvii, class 1 or 1a, per military specification mil-w-4088

Supplementary Features:

Cplor olive drab 7

Specification Data:

Asme y14.100-2004 professional/industrial association specification and asme y14.5m-1994 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T101-I

Mil-std (military Standard):

Mil-w-4088 spec.
