Overall Length:

2.000 feet

Diameter:

0.062 inches rope

Lay Method:

Right regular all layers

Breaking Strength:

480.0 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

Special Features:

Nylon coating striped 3.500 inches on each end

Material:

Steel core

Material Specification:

Mil-w-5424 military specification single material response strand

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-w-5424 spec.
