Overall Length:

600.000 feet

Diameter:

0.750 inches rope and 0.781 inches rope

Lay Method:

Right regular all layers

Breaking Strength:

12240.000 pounds

Core Construction:

Fiber

Prefabrication Form:

Straight

Material:

Copper alloy strand

Style Designator:

6 x 12

Specification Or Standard:

3 type and 2 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A082a0
