Diameter:

0.375 inches strand

Breaking Strength:

10800.000 pounds

Prefabrication Form:

Straight

Material:

Steel

Surface Treatment:

Zinc

Style Designator:

7 wires

Specification Data:

81346-a475-69 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
