**Overall Length:**

250.000 feet

**Diameter:**

0.375 inches rope and 0.406 inches rope

**End Application:**

Marine/cable

**Lay Method:**

Right regular all layers

**Breaking Strength:**

6571.000 pounds

**Core Construction:**

Fiber

**Prefabrication Form:**

Straight

**Material:**

Steel improved plow strand

**Style Designator:**

6 x 42

**Specification Or Standard:**

3 type and 6 class

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A082a0
