Overall Length:

250.000 feet

Diameter:

0.375 inches rope and 0.406 inches rope

End Application:

Marine/cable

Lay Method:

Right regular all layers

Breaking Strength:

6571.000 pounds

Core Construction:

Fiber

Prefabrication Form:

Straight

Material:

Steel improved plow strand

Style Designator:

6 x 42

Specification Or Standard:

3 type and 6 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
