Overall Length:

1000.000 feet

Diameter:

0.093 inches rope

Lay Method:

Right regular all layers

Breaking Strength:

920.000 pounds

Core Construction:

Wire

Prefabrication Form:

Preformed

Special Features:

Jacket to be dupont hytrel no. 5556 or g.E. Lomod b0200 color yellow for grounding use only not for flight control

Material:

Stainless steel strand

Style Designator:

7 x 7

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0

Mil-std (military Standard):

Mil-dtl-83420 spec.
